THD106EUZ

Description

Protect your iPad Air against everyday bumps and scratches with SafePORT®. Advanced corner and side protection. Integrated sliding stand for landscape/typing positions. Integrated dust filters & soft plugs over port openings. Meets MIL-STD-810G.

Features

- Robust Protection – From the hardened polycarbonate shell with shock absorbing materials to the advanced corner and side protection – the case safeguards your iPad Air against harsh environmental conditions, sudden drops and accidental slips.
- Rugged Design – A newly integrated sliding stand for landscape viewing and typing positions adds versatility and hassle-free portability. Designed to tackle the most rigorous lifestyle, this easy-to-install case features a built-in screen protector and anti-skid technology to prevent sliding on slippery surfaces. Plus, an easy-to-grip design ensures fewer drops
- Protective Details – Integrated dust filters and soft plugs cover audio and power port openings for an impenetrable shield around your device's most sensitive spots. Although lighter and thinner than competition, rest assured. Meets MIL-STD-810G.
